# Save Big on Cost per Gallon with Customizable Pallet Bundle Options

SP Cleaning pallet bundles are designed to **lower cost per gallon, optimize shipping and standardize chemistry** across your operation. Pallets are available in three size categories and can be **fully customized**.

## STARTER / SMALL PALLETS (Up to 200 kg)

- ✓ Best for new operators & small facilities
- ✓ Mix of assorted 5-gallon pails
- ✓ Minimum volume, maximum flexibility

## MEDIUM-SIZE PALLETS (Up to 600 kg)

- ✓ Ideal for growing operators
- ✓ Mix of 5-gallon pails & 55-gallon drums
- ✓ Higher volume for better pricing

## FULL-SIZE PALLETS (Up to 1000 kg)

- ✓ Built for high-volume users
- ✓ 4× 55-gallon drums or 32× 5-gallon pails
- ✓ Maximum volume, maximum savings

# Heavy Duty Pressure Washing Bundles

## Touchless 2 Step Aggressive

Designed for removing heavy road film.

- **Step 1:** Highly Acidic Detergent/Brightener
- **Step 2:** Highly Alkaline Detergent

## Touchless 2 Step Polish-Safe

Formulated for fleets with polished wheels and tanks

- **Step 1:** Mild Acidic Detergent
- **Step 2:** Mild Alkaline Detergent

## Touchless 2 Step Non-Acid

Non-Acidic touchless option also available.

- **Step 1:** Alkaline Presoak

## Designed for:

- Extreme Soil Loads
- Large fleets: Construction equipment, trucks, trailers, etc
- Tailored solutions for different surface types

Available in 3 pallet sizes

**Starter Pallet**

**Medium Size Pallet**

**Full Size Pallet**

# Truck Wash & Fleet Wash Bundle

This bundle is designed for daily truck and fleet washing operations that require consistency, speed, and predictable results.

This bundle supports manual washing, pressure washing, and foam application systems, making it suitable for private fleets, wash facilities, and mobile fleet wash operators.

The chemistry is formulated to remove road film, diesel exhaust residue, organic buildup, and light grease while maintaining compatibility with frequent wash schedules and a wide range of vehicle surfaces.

## Bundle Includes:

### High-Performance Fleet Wash Detergent

Powerful detergent that removes road film, diesel exhaust residue, and light grease while safe for frequent use.

### Acid Brightener

Brightener that tackles metal oxidation and stubborn deposits, offered in an acidic formula for superior brightening or a non-acidic option for sensitive metals

### Spot-Free Rinse or Wash Aid

Final rinse solution that aids sheeting and rapid water beading, leaving vehicles clean and spot-free to reduce drying time and prevent water spots.

### Degreaser

Truck Degreaser is excellent for cleaning tough grease and dirt on engines, wheels and other areas of the vehicle.

## Available in 3 pallet sizes

Starter Pallet

Medium Size Pallet

Full Size Pallet

# Automatic & Semi-Automatic Wash Bundle

The Automatic & Semi-Automatic Wash Bundle is designed for tunnel washes, rollovers, and semi-automatic systems where consistent performance, automation compatibility, and low downtime are critical.

The chemistry is optimized for controlled foam behavior and reliable performance across varying water conditions. Products are engineered to reduce residue buildup, maintain equipment efficiency, and deliver repeatable cleaning results. Available in pails or drums to support automated dosing systems.

## Bundle Includes:

### PreSoak / Traffic Film Remover

Initial foam application to loosen road film, grime, and surface contaminants.

### Main Wash Detergent

Powerful detergent for primary cleaning of vehicle surfaces, optimized for automatic washing

### Conditioner or Polish

Foam and polish stage that enhances vehicle shine and prepares surfaces for drying

### Drying Agent or Rinse Aid

Final rinse step that aids in quick drying and minimizes water spotting

## Available in 3 pallet sizes

Starter Pallet

Medium Size Pallet

Full Size Pallet

# Self-Serve & Coin Car Wash Bundle

The Self-Serve Wash Bundle is built for high-traffic wash bays where reliability and ease of use are critical. This bundle supports multiple bays and customer operated equipment, with chemistry designed for long shelf life, stable dilution, and consistent performance across seasons. Products are engineered to deliver visible cleaning results while minimizing maintenance issues in pumps, lines, and dosing systems.

## Bundle Includes:

### Presoak Detergent

Loosens traffic film and organic buildup

### High-Foam Soap

delivers strong visual foam and cleaning action.

### Wax or Clear Coat Protectant

enhances finish and water beading.

### Tire & Rim Cleaner

targets brake dust and heavy wheel soil

## Available in 3 pallet sizes

**Starter Pallet**

**Medium Size Pallet**

**Full Size Pallet**

# Car Wash & Detailing Shop Bundle

A customizable bundle built for professional car wash and detailing shops offering exterior and interior cleaning products.

## Bundle Includes:

- Foam Wash Detergents
- Wheel & Tire Cleaners
- Degreasers
- Tire Shine
- Spray wax
- All-Purpose Cleaners (APCs)
- Fabric & Carpet Cleaners
- Glass Cleaners
- Vinyl and plastic dressings

## Available in 3 pallet sizes

**Starter Pallet**

**Medium Size Pallet**

**Full Size Pallet**
